

SALT ERASER

**FOR THE REMOVAL OF EFFLORESCENCE / SALT
FROM THE SURFACES OF PATHS, DRIVES AND
PATIOS**

PRODUCT DESCRIPTION

Salt Eraser is an advanced salt neutralising formulation that removes salt deposits (efflorescence) from the surface of your paved area or brickwork. It is suitable for use on all natural stone, sandstone, limestone, granite, all types of concrete and brickwork. Not only does it remove the salts from the surface, it penetrates deep into the paved area or brickwork, helping to draw efflorescence up to the surface. This non-acid based formula can be used on any surface where salt build up occurs. Efflorescence is typically a naturally occurring phenomenon where salt deposits from the cement migrate up through the porous paved area or brickwork and appear on the surface.

BENEFITS

- Neutralises the salt
- Does not damaged the treated surface
- High penetrating power
- Non-flammable
- No hydrochloric acid
- No phosphoric acid
- Easy to use

APPLICATION

Always test a small inconspicuous area before proceeding to ensure the finished result is satisfactory.

Shake the container well before use.

Generously apply Salt Eraser to the surface using a low pressure pump sprayer or watering can.

Allow the product to act for 1 hour and then reapply.

Leave for a further 24 hours and then wash away surface salts with a pressure washer or a hosepipe and stiff brush. If the salts/efflorescence reappears repeat this process.

COVERAGE

1 Litre = 5m² to 10m² (33.8floz = 54ft² to 108ft²)

The figures indicated are approximate and should only be used as a general guideline.

STORAGE

Store in the original unopened container in a clean, dry area and ideally at 5°C - 25°C (41°F - 77°F).

CLEANING EQUIPMENT

Clean tools and equipment immediately after use with water.

RECOMMENDATIONS

Do not apply if rain is expected, when its frosty, or when the surface is <5°C and >25°C (<41°F and >77°F). Please be aware darker colours will have a considerably higher surface temperature in warmer weather conditions.

Do not mix with any other product.

Not suitable for heavily contaminated areas.

HEALTH AND SAFETY

KEEP OUT OF REACH OF CHILDREN. Causes serious eye irritation. Do not get in eyes, on skin, or on clothing. Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing vapours. IF SWALLOWED: rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Please dispose of packaging and waste products in line with current environmental legislation.
